Strategy

Strategic Drivers

1

Results aren't our goal, they're our engine.

To us, performance extends beyond the initial goal-setting stage. It is integrated into every step, every milestone, and every conversation we have. **Winning is a prerequisite**, constantly pushing us to evolve, pivot, and iterate our work to ensure our clients get the results they need.

2

We've played all sides.

No other agency in our space was founded by someone with experience as a CMO at a higher ed institution. More so, our curated team has years of collective experience working for institutions, agencies, and OPMs. Because of this, we are **uniquely positioned to understand the nuances and challenges** faced by our clients. We act as a stitch-in to their existing team, sharing in their challenges and championing their successes as if they were our own.

3

We've found a better way.

At Kanahoma, when a solution isn't satisfactory, **we make our own**. During our experience in-house we realized the need for better ways to drive results, and instead of waiting for others to catch-up, we solved it ourselves.

How? *Our unlimited creative offering helps to optimize performance in-market, while our Brand Direct model drives brand awareness without sacrificing direct response. We empower our partners by providing an 100% IP Guarantee to custom-produced Brand Libraries, ensuring their teams have the resources they need to make best-in-class creative for years to come. **And we won't stop there.***

Strategy

The Why
Brand Mission

To be a better agency for organizations building a better world.

The How
Strategic Drivers

- 1

Results aren't our goal.
They're our engine.
- 2

We've played
all sides.
- 3

We've found a
better way.

The What
Value Proposition

Performance-driven partnerships through
AOR, Branding, and Consulting.

K

BRAND GUIDELINES

2.0 Messaging

Messaging

In order to truly communicate that we are “a better agency for organizations building a better world,” we recommend the following messaging principles:

1

Remember why we were founded in the first place.

As Kanahoma matures, that doesn't make the founding story any less disruptive. The challenges faced by the industry are only growing, and so our agency is in a constant state of striving for “better.”

2

Give Kanahoma some character.

Just because Kanahoma may no longer have a singular voice, that doesn't mean it shouldn't have a voice at all. Content can have a level of depth, humor, and personality that extends beyond Seth.

3

Continue making it about them.

As Kanahoma's brand continues to solidify, we can't lose sight of what we're trying to accomplish in the first place. We are first and foremost a performance agency, and our message should always speak to the immediate and future benefit to our clients.

4

Tie our offering back to our origin story.

Kanahoma knows the meaning of heritage. Our name alone is steeped in generations of family history. It's what makes us uniquely positioned to honor our client's historical brands—without losing sight of their possible future.

K

BRAND GUIDELINES

3.0 Identity

Kanahoma

Our Wordmark

Our wordmark is the primary identifier for Kanahoma and the brand tone of our agency: honest and approachable—but nonetheless sophisticated.

Identity

Clear Space

Clear space refers to the safe area required surrounding the logo. The clear space for our wordmark is measured using the height of the “a.” Using this system,the safe area distance will always scale with the wordmark.

Minimum width 225px

Kanahoma

Minimum width 125px

Kanahoma

Space between letterforms subtly widens to increase legibility.

90-30px

Responsive Sizing

A responsive logo design ensure integrity and legibility at any size or medium. Our wordmark has 3 different states, each optimized for scaling size requirements.

Identity

The wordmark can be used in our primary colors of Kanahoma Green and Stoddard Cream, as well Slate and White (HEX #FFFFFF). When placed on a photograph or pattern, ensure there is ample contrast between foreground and background.

Note: The square of the “K” mark can also appear in Hellbender.

Kanahoma Green, Stoddard Cream

Kanahoma

Identity

Kanahoma

DO NOT apply a stroke around any letterform in the wordmark.

K Kanahoma

DO NOT use the wordmark and the “K” icon together in a lockup.

Kanahoma

DO NOT tilt rotate the wordmark.

Kanahoma

DO NOT use a color for the wordmark not designated on page 11 of these guidelines.

Kanahoma

DO NOT apply a drop shadow or any other optical effect to the wordmark.

Kanahoma

DO NOT distort the wordmark’s dimensions.

Kanahoma

EDUCATION MARKETING

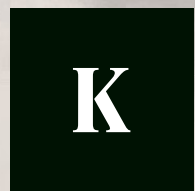

DO NOT attach a tagline or descriptor to any part of the wordmark.

KANAHOMA

DO NOT recreate the wordmark using any other typeface (DM Sans included).

DO NOT place the logo on a busy photograph.

Contrast Ratios

Web Content Accessibility Guidelines (or WCAG) ensure that web content is available for audiences with disabilities. In order to ensure accessibility for all readers, check to see that the color of the background and foreground (text) has sufficient contrast.

Note: this does not apply to graphics, patterns, or print materials.

BRAND GUIDELINES

5.0 Typography

Typography

DM Sans

DM Sans is extremely versatile and accessible, making it a perfect fit as the primary typeface for the Kanahoma brand. Its high x-height ensures legibility on any platform, and its geometric characters invoke a subtle sense of personality not seen in other sans-serif fonts.

To download all weights of DM Sans, visit <https://fonts.google.com/specimen/DM+Sans>.

An Agency Apart

Typography

Leading

Leading refers to the distance between two lines of copy. Optimal leading can ensure that all content is legible and comfortable to read.

Too much space between lines
makes reading disjointed.

+26 pt leading

Too little space between lines
makes legibility a challenge.

-8 pt leading

Appropriate leading makes for
comfortable reading.

+6 pt leading

Kerning

Kerning refers to the distance between letterforms. Loose kerning can feel disruptive to the reader, while tight leading can feel crowded.

Too much kerning makes
reading disjointed.

150 pt. kerning

Too little kerning makes legibility
a challenge.

-50 pt. kerning

Appropriate kerning makes for
comfortable reading.

-10 pt. kerning

Line Width

Ensuring that a line of copy is not too long (or short) ensures that the reader will not experience fatigue and ultimately lose interest.

Between 45 and 70 characters is ideal for reading a line.

57 total characters
